

The RMC Computer Security Lab (CSL)  
in conjunction with  
NSERC Internetworked Systems Security Network (ISSNet)  
cordially invites you to attend  
an evening meeting of computer security researchers and practitioners.

**Thursday, 15 April, 2010**

**6:30 – 9:30 PM**

**[The Fox & Feather Pub](#)**

**Upstairs in “Fox 2”**

**283 Elgin Street**

**Ottawa**

**(613) 233-2219**

The distinguished speaker for the evening is **Mr Bryce Galbraith** who will present

“Safe Surfing - How to Surf The Net Without Getting PWND!”

Bryce is the Chief Hacking Officer at Layered Security. He is a regular instructor at SANS teaching topics such as Hacker Techniques, Exploits and Incident Handling, Network Penetration Testing and Ethical Hacking, Cutting-Edge Hacking Techniques, Information Reconnaissance: Competitive Intelligence and Online Privacy, and more.

Bryce is also a contributing author of the internationally bestselling book, *Hacking Exposed: Network Security Secrets & Solutions*
